

FAIRY BOWER NEWS

Fairy Bower Precinct Community Forum Newsletter. Issue 8, 2008

Your next precinct meeting is:

Monday October 13th at 7:30PM

Preceded by a Slideshow Presentation by Hugh Burns at 7:15PM
Venue: Manly Community Centre, Wentworth St.

New Precinct Chair Required: Hugh Burns our Fairy Bower Precinct Chairperson has been successful in the Council elections. Congratulations Hugh!

This means of course that we now need a new Chair. At the upcoming Precinct meeting, as you may have seen in the Manly Daily, an election will be held for the new Chair. If you have any aspirations to become Chair then now is your chance. I am sure Hugh would be only too pleased to discuss the position with you if you are interested. Hugh also did the DAs so that position is vacant too.

Precinct Christmas Party Notice: It's famous, official & should be marked in your diary for Wednesday, December 10. Christmas Cocktails will be held this year again at the beautiful St Pat's venue. Champagne, service and canapés are sure to flow. Watch for details in the November Newsletter!

Manly Council Meetings in October:

Monday 20th October at 7.30pm -
Reserved Extraordinary Meeting

Free Household Climate Consultations conducted by trained volunteer Climate Consultants

Individuals can feel quite lost and overwhelmed when facing Climate Change as most of today's strategies to reduce GHG emissions focus on large sources of pollution such as power plants, industrial facilities, transportation etc., however it is HOUSEHOLDS who are the ultimate end-users of most energy production. This is through the food we eat, appliances, travel, cooling, heating and embedded energy in products that households purchase. Therefore Households directly or indirectly produce significant amounts of GHG emissions and so Individuals DO have the power to effectively reduce greenhouse gas emissions (GHG) and reduce the impacts of Climate Change! Manly Council is looking to train volunteer Climate Change Consultants to provide Household Climate Consultations for their friends and family as well as the wider community. If you'd like to be trained as a climate change consultant or have a climate change consultant come to your house please contact Manly Council's Community Volunteer Coordinator on 9976 1658
